

# CUB SCOUT DAYCAMP

# CSI:

## CUB SCOUT INVESTIGATORS

**Grab your magnifying glass and your flashlight as we discover the world around us!**

**What makes it tick? How does that happen?  
What's in that? Who invented that?**

As Cub Scout Investigators, boys will learn about Science, Technology, Engineering and Math with hands on adventures. Search out answers in the world around us as we learn about nature in our outdoor laboratory.

*A patch and t-shirt are included in the registration fee.*

DATE	LOCATION	CAMP DIRECTOR	CUB FEE	WEBELOS FEE
